LOSE PLACES BY ECONOMY REIGN

Six Men Are Dropped From the
Survey Bureau by
Campbell.

The reign of economy incident to the consolidation of the departments of Public Works, Lands and Survey under a reduced appropriation, has had its effect and it has been necessary that a material reduction be made in the personnel of the departments that go under the executive direction of Marston Campbell this morning, the first day of the new biennial period.

In the Survey Department six changes have been made, the positions held by six men being vacated by reason of the consolidation scheme and the small amount of money appropriated by the last Legislature. Those whose services will terminate are E. Loomis, a special field engineer; B. Lightfoot, a sub-assistant; E. Pardmore, a sub-assistant; G. F. Hyde and W. L. Heilbron, the latter two of which will continue in the employ of the survey bureau until the special work that they are now engaged upon is concluded. Fred E. Harvey will be engaged upon reclamation work at Kapaia and Mr. Walter E. Wall will continue in charge of the survey bureau under the direction of Mr. Campbell.

Land Commissioner Pratt's term of office expired yesterday and Josh Tucker will be chief of the land bureau. There will be some change in the clerical force of the land department, Pat Stillman of the Board of Public Works Department being assigned to work in the public land bureau.

Works Board Changes.

In the Public Works Department there will be numerous changes, the majority of which will not be decided upon by Mr. Campbell until he sees the machinery of the consolidated departments in motion for a few weeks.

Mr. Kinney, who has been acting as Superintendent, Campbell's assistant, will become the chief engineer of the Kula pipe line, and the head of the departments will get along without assistance.

In speaking of the changes that had been necessary in the personnel of the departments, Superintendent Campbell stated yesterday that it had been imperative, to reduce salaries in some instances of those remaining, but they would have to accept the situation and not only be content with smaller salaries, but do more work than they had been accustomed to do under the old order of things.

"If the work cannot be done in eight hours," said Mr. Campbell, "the department employees will simply have to work longer, for the work has to be done."

SMITHIES AND ROSE LEAVE THE TREASURY

Acting Treasurer Hemenway, who completed his duties in temporarily caring for the finances of the Territory yesterday, had the unpleasant duty of announcing two changes in the personnel of the force of the department, which took effect last night.

The two men to lose their places in the Treasury by reason of the reduced Legislative appropriation are George Smithies, deputy insurance commissioner, and Colonel Gus Rose, the license clerk.

The idea of economy that was favored by the lawmakers of the session of 1909 resulted in a general reduction in the departmental appropriations and the Treasury department did not escape. As a result Acting Treasurer Hemenway informed the two men yesterday that their services would terminate, performing a task that allows Treasurer Conkling to begin his duties today with a "clean slate," and not signalize his entry upon the position of Treasurer by being forced to carry out an unpleasant duty forced upon that official by the Legislature.

FISHES, FAR FROM HOME, SEEM HAPPY

"The Hawaiian fishes which we took Seattle on the transport Dix are doing well, or were when left here at Honolulu," said Fred Potter, manager of the Aquarium, who returned from Manchuria yesterday. "As to whether we send any more up depends whether the fish commission steamer, the Albatross calls here. Otherwise, the fish already on hand will have to do."

BOARD CUTS OUT ONE ITEM

Decides Spanish Interpreter is
Unnecessary—Cox Led
Revolt.

If the police court needs a Spanish interpreter after today such a person will be employed at a per diem rate, the Board of Supervisors at last night's session deciding that a Spanish interpreter in the list of "District Court Employees" was unnecessary, at least at a regular \$75 per month salary.

Supervisor Cox, chairman of the police committee, stated that some time ago he was doubtful about the need of a Spanish interpreter, and he was in no less doubt last night. Mr. Kane supported Cox's view. Deputy Attorney Milverton when asked to give his views stated that it was true that there was very little work for such an officer, but it would be difficult, he argued, when a Porto Rican or Spanish came up in the police court, to depend on the services of an interpreter for that case. He could not afford to hang around the station waiting for a case to turn up. Therefore, it would be better to have him on the payroll at the monthly salary. As the item of \$450 for six months was in the appropriation bill passed Monday night, the Supervisors decided to allow the total amount to remain in the bill as a fund upon which to draw for per diem services, but the "Spanish interpreter" was eliminated.

Logan's resolution authorizing City Physician Dr. Mackall to visit the Queen's Hospital and obtain a list of the indigent sick being treated there and also get a history of each case, was passed. The city physician is to (Continued on Page Four.)

KEYS OF CITY BASTILE FORMALLY TRANSFERRED

On the stroke of twelve o'clock last night the keys of the Honolulu jail were formally turned over to Jailer Asch by High Sheriff Henry, the law passed by the last Legislature giving the control of the city bastille to the municipal authorities going into effect at that time. With Jailer Asch at the time was George Kala, who has been appointed deputy jailer there. There were no special ceremonies attendant on the turning over the keys.

Sheriff Jarrett last night made known his appointments to the other positions

LORRIN ANDREWS WILL BE DEPUTY ATTORNEY GENERAL

LORRIN ANDREWS, WHO IS TO BE FIRST DEPUTY ATTORNEY GENERAL

"I will appoint Lorrin Andrews as Deputy Attorney General to succeed to the place vacated when Judge Whitney went upon the bench," was the statement made yesterday by Attorney General Hemenway, and he added that Mr. Andrews would take up his duties in the department as soon as he arrived from the mainland.

TAFT WARNS PARTY THAT BROKEN PROMISES WILL LEAD TO DEFEAT

PRESIDENT TAFT, WHO WARNS REPUBLICAN LEADERS.

"Better no revision at all, better that the new bill should fail, unless we have an honest and thorough revision on the basis laid down and the principles outlined in the party's platform."—President Taft to the Ohio Society last December.

"The Dingley tariff has served the country well, but its rates have become generally excessive. They have become excessive because conditions have changed since its passage in 1896. Some of the rates are probably too low, due also to the change of conditions. But, on the whole, the tariff ought to be lowered."—Mr. Taft at Cincinnati on September 22 last.

FIRST WITNESS HAS CONCLUDED

Scoville's Testimony Unshaken
by Lightfoot's Cross
Examination.

The cross-examination of Scoville in the Waipahu riot case was concluded yesterday and August Spillner was called to the stand to give his version of the disturbance. Lightfoot got very little out of Scoville's cross-examination except a repetition in detail of the facts of the riot and of the bottling up of the witness and Officer Wills in the house with a howling mob outside. Kinney evidently thought no breach had been made in the witness story, as he declined any redirect examination and called his next witness to the stand.

Spillner and his son were at a little distance from Scoville when the row began, and endeavored to reach Scoville and Wills, but were prevented by the crowd, who drove them up the street, using as missiles stones and sticks, the latter from a pile of firewood at the side of the road. The Spillners were (Continued on Page Four.)

COMMISSIONS SIGNED BY GOVERNOR FREAR

Governor Frear yesterday signed the commission of David Lloyd Conkling as Treasurer of the Territory of Hawaii, and two commissions for Marston Campbell as Surveyor and Commissioner of Public Lands, the full legal title of Mr. Campbell now being Superintendent of Public Works, Commissioner of Public Lands and Surveyor.

Mr. Campbell yesterday became chief of the three consolidated departments, his appointment as Superintendent of Public Works having been confirmed by the Senate at the last session of the Legislature.

The other commissions signed yesterday by Governor Frear were those of Willard E. Brown and John H. Craig, who begin a new term as members of the Oahu Board of License Commissioners. Edward Desha of Lihue has been commissioned to succeed himself as a member of the Kauai Board of License Commissioners.

In Speech to Yale Graduates, President Makes Plain Statement About Tariff Pledges.

(Associated Press Cablegrams.)

NEW HAVEN, July 1.—President Taft, in his speech last night to the Yale graduates, warned Congress and the leaders of the Republican party that unless the party lived up to the promises made to the people in the party platform and enacted a tariff measure to agree with the expectations of the people, the Republican party would be relegated into a position of minority and become the opposition in place of the governing party.

YOKOHAMA CELEBRATES HALF CENTURY FREEDOM

YOKOHAMA, July 1.—The semicentennial anniversary of the day of the opening of this port to foreign trade was brilliantly celebrated yesterday. Katsura and Komura, many foreign diplomats and the warships of many nations were present to take part in the celebration.

GIRL CASHIER KILLED IN BROAD DAYLIGHT IN OFFICE

SAN FRANCISCO, July 1.—Caroline Brasci, the cashier for Gray Bros., was mysteriously shot and killed yesterday. The crime occurred in the office of the company in the Wells-Fargo building at noon.

SLOT MACHINES STILLED THROUGHOUT SAN FRANCISCO

SAN FRANCISCO, July 1.—Four thousand nickel-in-the-slot machines were stilled in this city at midnight, when the ordinance forbidding them came into effect. Up to the final closing hour there was unprecedented playing of the machines, which had continued throughout the day.

WRIGHTS' MACHINE WENT WRONG

WASHINGTON, July 1.—The trials yesterday of the Wrights' aeroplane resulted in a slight injury to the apparatus. The trials will be repeated today, nevertheless.

MILLIONS DO NOT SAVE HIM

SAN FRANCISCO, July 1.—The sentence of a year, passed against William Bradbury, millionaire, for perjury, has been confirmed by the Supreme Court.

TOKIO HONORS SPECIAL ENVOY

TOKIO, July 1.—Prince Tsai Chen of China, bringing the thanks of the Chinese government to the government of Japan for delegating Prince Fushimi to attend the funeral of the late Chinese Emperor, arrived here yesterday. He was received with unusual honors.

MISSISSIPPI WANTS THE MONEY.

JACKSON, Mississippi, June 30.—An application has been made to the courts for an injunction to restrain the Standard Oil Company of Kentucky from doing business in this State and to collect \$11,000,000 as penalties for the violation of the Mississippi antitrust law.

ELIOT HONORED AT YALE.

NEW HAVEN, June 30.—President Taft today participated in the commencement exercises at Yale. Former President Eliot of Harvard was given the degree of President Emeritus of Yale.

SUFFRAGETTES RELEASED WITHOUT BAIL.

LONDON, June 30.—Hearing in the cases of suffragettes charged with disturbing the peace have been postponed and the women who led the raid on the residence of Prime Minister Asquith have been released without bail.
